

Global **OXYGEN SOLUTIONS** experience meets the challenge of the **COVID-19 CRISIS**

For more than 50 years, CAIRE oxygen solutions have been on the front lines of serving the global healthcare community to provide the support required to care for patients who need the life-sustaining or the therapeutic benefits of oxygen therapy.

Today, we find ourselves playing a key role in fighting COVID-19 as we provide our customers with a broad portfolio of equipment to meet their patient needs.
